The first truly hybrid event since COVID-19

In the face of the on-going global pandemic, One Young World celebrates its 2021 Summit in a first of its kind hybrid format, welcoming Delegates, Ambassadors and Counsellors both in-person and digitally.

99%

of Delegates felt significantly impacted by the Summit

99%

of Delegates were motivated to generate action after the Summit

“

I enjoyed how inclusive the summit was. I liked how the hybrid platform gave the exact benefit compared to as if we were to be in-person. The networking tables were brilliant, the concept behind the briefcase, the IT help desk who responded very quickly to our concerns were all critical success factors of the summit.”

- 2021 Delegate (Digital Attendance)

“

My experience at the Summit was absolutely amazing, I really enjoyed the variety of speakers and themes being addressed during plenary sessions and on other stages. It was a great way to learn simultaneously about multiple issues and backgrounds. I was also particularly impressed by the digital platform, allowing me to catch up with certain live/online sessions I could not attend and to connect easily with people sharing similar interests.”

- 2021 Delegate (In-Person Attendance)

The In-Person Summit takes place in Munich this year, the Bavarian capital known for its annual Oktoberfest celebration and its beer halls, including the famed Hofbräuhaus founded in 1589. With a population of around 1.5 million, it is the third-largest city in Germany after Berlin and Hamburg.

Munich's Olympiapark is the home to the key Summit days, with workshops and sessions running in person in Munich, on the digital platform, and from the American hub. The Opening Ceremony, held at Olympiahalle, welcomes Counsellors, Delegates and special guests to a spectacular evening of entertainment to commence the summit weekend.

“The incredible variety and diversity of speakers and the stories they told were truly inspiring. The speakers themselves really gave me new motivation to use my skills and position to change the world - a feat which never felt realistic until the Summit.”

- 2021 Delegate (Digital Attendance)

“The Summit was not about “talk” it was all about “action”, making an impact in different spheres to make the world a better place. The enthusiasm amongst us there was overwhelming and that energy is still alive and valid. I made the best of friends at the Summit and that is already life-changing. An awesome Summit it was!

- 2021 Delegate (In-Person Attendance)

“Such an amazing and transformative experience. Every speaker was so inspirational that it is difficult to summarize. At the end of the Summit, I’m absolutely sure we can make a difference in carrying our world to a better place.”

Introduced specifically for the 2021 Summit, One Young World has curated an online Platform, where Delegates can access even more content, ranging from pre-recorded sessions with Counsellors and guest speakers, to virtual networking with their peers from around the world.

“Even though I couldn't go to Munich, I met so many Delegates online and exchange ideas about the issue I would like to work on.”

- 2021 Delegate (Digital Attendance)

The platform allows Delegates the opportunity to access keynote speeches and panel discussions on the Presentation stage and to join the online digital series from 'Breaking Bread' to 'One Note' submissions. There are many extra sessions to connect with from yoga, DJ Jenk, spotify playlists to positive meditation sessions.

of Digital delegates gave the Summit experience a 4 star to 5 star rating

Most common rating of the usability of the Summit Platform by Digital Delegates

“I left the Summit as a new person, someone who doesn't let the past define my present and future, a person who forgives and goes on because I could see that with determination and good humanity, a person can reach so many goals... I enjoyed that the Summit puts people from different countries, different fields and different titles and designations for the sake of making our ONE WORLD a better place! Thank you, One Young World, you inspired me, and I promise you to keep inspired along the road!”

LEAD2030

Formed by One Young World and powered by some of the world's leading businesses, Lead2030 finds, funds and accelerates SDG solutions created by founders under 30. Since coming together in 2018, Lead2030 partners have provided \$1 million+ and hundreds of hours of executive mentorship to support enterprises identified through Lead2030.

The latest cohort of Lead2030 winners joined the One Young World Summit 2021 where they presented their solutions across multiple interactive stage sessions.

City Tours

The City of Munich arranged as a Welcome for Delegates a chance to participate in coach tours across the city to take in some of Munich's key historical sites, to see the Marienplatz, at Munich's heart and to view the beautiful parks.

Delegate Dinners

Partners and Sponsors have the opportunity to host One Young World Delegates for dinners. One Young World Delegates are hosted at iconic venues on each night of the Summit.

The purpose of these dinners is to allow Delegates time to network and experience unique locations across the city.

The Host has the opportunity to address the Delegates and highlight their values and initiatives whilst showcasing the city.

One Young World scholarships ensure that outstanding young leaders from all walks of life have the opportunity to access the annual Summit.

In advance of the 2021 Summit, One Young World received 50,000+ applications for 30 scholarship programmes run in collaboration with its Partners, resulting in 450 scholarship places being awarded. With 100+ applications for each place, One Young World scholarships are some of the most competitive in the world.

“ I think it has been a great way to take back the energy that the pandemic and confinement took away from us over the last year. It was great to be reminded that we are not alone in building a more sustainable, fair and multipolar world.”

The Solidarität Scholarship

The vision of “the world under one roof” is key to the One Young World philosophy.

To support this vision in the wake of international travel restrictions, One Young World launched the Solidarität Scholarship.

The programme supported young leaders from around the world who reside in Europe to participate in the Munich Summit.

This initiative support 90+ candidates and helped ensure 150 nationalities were represented in-person in Munich.

What's Next...

2022 Tokyo (May 16 - 19)

One Young World will convene next year in Tokyo, Japan, for the One Young World Summit 2022.

With 2,000+ young leaders from 190+ countries, gathering across the city's most iconic venues, such as Sensoji Temple, Shibuya, Akasaka Palace, Odaiba Marine Park & the Hama Rikyu Gardens - Tokyo 2022 is going to be an incredible location for One Young World's next Summit.

Tokyo

The One Young World Summit in Tokyo represents a significant moment for the Japanese capital, which is iconic for its mix of the ultramodern and the traditional, from neon-lit skyscrapers to historic temples.

Moreover, while Tokyo has a long history and rich traditions as the capital of Japan, the city is endlessly changing and evolving by mixing modernity and tradition.

As one of the most energetic cities in the world, Tokyo would allow One Young World delegates to encounter something new, and an experience they'll never forget.

Sustainability is a top priority at One Young World and is a core part of our operations. Between August and November, One Young World's event management system and Summit processes were independently assessed by the British Standards Institute (BSI), the UK's National Standards Body.

As a result, One Young World was awarded ISO 20121:2012 certification, an international standard governing sustainable event management created by the International Standards Organisation.

GOOD HEALTH AND WELL-BEING

- Established detailed hygiene protocols in partnership with the City of Munich, Circ GmbH, and G.R.A.L GmbH, to mitigate the risk of anyone attending the Summit in Munich:
 - All attendees travelling to Germany required a negative PCR test 48 hours prior to their departure.
 - Daily rapid lateral flow tests facilitated by One Young World for all attendees during the Summit - access not allowed without proof of a negative test each day
 - A one-way system was implemented in venues to prevent overcrowding.
 - Every attendee issued with compulsory Social Distancing Contact Tracing Tag for lanyard - using Bluetooth technology the device alerted the wearer if breaching 1m social distancing guideline for prolonged periods of time
 - Device IDs on Social Distancing Contact Tracing Tags able to identify attendees who required self-isolation if in contact with someone who tested positive
 - Free face masks, hand sanitising stations, and additional signage were provided during Summit
 - 80% rated the Covid-19 prevention protocols 5 stars
- Delegates experiencing emotional difficulties at the Summit provided with a support system and a dedicated Quiet room in the venue
- The mental well-being of participants was protected with warnings prior to sensitive content, both on stage and in communications
- Safeguarding Policy and Procedure protects all attendees from abuse and promotes healthy welfare during the Summit.

REDUCED INEQUALITIES

- One Young World works to guarantee young people from all 196 countries in the world are represented at OYW Summits, regardless of their ability to pay. To ensure this, fully-funded scholarship places were awarded to 352 outstanding young leaders with a range of backgrounds, skill sets and nationalities.
- Integration of the ReciteMe software to the Digital Summit Platform and also OYW website, offering an accessibility toolbar that allows for adjustments to all elements of the page including text, graphics, language, and navigation
- Closed captioning available for all sessions on the Digital Summit Platform
- In-person buddy system for anyone requiring extra support onsite
- Accessibility transport and rooms available
- All Munich Summit venues were 100% accessible

ENVIRONMENT

- BP Target Neutral offset the carbon emissions of all flights to and from the Summit, as well as all other emissions associated with Summit production and accommodation
- In-city VIP transportation was provided using plug-in hybrid vehicles
- Delegates living in Europe were asked to travel to the Summit via train, where possible - Deutsche-Bahn provided discounted tickets for routes into Munich
- Minimising single-use plastics in all our production and onsite materials
- Delegates were required to recycle their food and drink containers in bins provided where materials were collected and recycled post-Summit
- Notebooks handed out to Delegates by the City of Munich made from the highest grade recycled paper
- Everyone offered a reusable water bottle and was provided with water refill points around the venue to alleviate the consumption of any soft plastics
- OYW merchandise store clothing is zero waste, made from certified organic cotton and printed in a renewable energy-powered factory
- Digital Summit Platform offered delegates the chance to attend virtually to avoid the environmental cost of international travel
