

Accelerate Your Leadership Pipeline Through Our Global Network

Transform your talent pipeline. Accelerate leadership development. Build tomorrow's business leaders.

Global Impact Starts Here

The One Young World Summit brings together 2,000+ of the world's most promising young leaders, and high-potentials from **190+ countries**. Delegates earn their place through rigorous Partner selection or competitive scholarships, then dive into four intensive days of strategic sessions, hands-on workshops, and high-impact networking.

What sets this apart? Direct mentorship from the world's most respected voices - think Nobel Peace Laureates like **Maria Ressa**, as well as respected names like **Sir Bob Geldof**, and **Her Majesty Queen Rania of Jordan**. These aren't your typical conference keynotes; they're impactful sessions where Delegates get real-time strategic advice from leaders who've actually changed the world.

The Summit is just the beginning. Delegates graduate as Ambassadors with exclusive mentorship access, funding opportunities, global speaking platforms, and a network of **20,000+ change-makers** who actually get things done. They return to their organisations as catalysts, equipped to drive the initiatives that matter.

Since 2010, we've helped **800+ businesses** discover and develop their next generation of leaders by providing the tools, networks, and platforms that turn ambitious ideas into market-moving impact.

One Young World Partners include

"I am always impressed when I meet our participants at the One Young World Summit. Their enthusiasm and commitment are truly catching. It is precisely this spirit that they also carry into our company, that ignites the spark in many places to drive forward a sustainable transformation of the BMW Group."

- Ilka Horstmeier, Member of the Board of Management of BMW AG, People and Real Estate, Labour Relations Director

"Everything changed after One Young World. It was a wake-up call to better understand the leader I wanted to be in the world. After the Summit, my goal was to embody my values and social and environmental concerns in my daily work life at L'Oréal as much as possible."

- Erwan Noel, Director International, L'Oréal

Ambassador Spotlights

Austin Heron-Becker

Austin is a Production Manager at dsm-firmenich, who had long been interested in bringing social impact into his corporate role. He co-led the company's LGBTQIA+ inclusion and belonging group, organising events and workshops that made both the organisation and the wider food and agriculture industry more inclusive.

Ntebaleng Twala

In 2018, immediately after joining Standard Bank, she founded the Edu Snapper Foundation. The Foundation goes directly into public schools, particularly those without dedicated career guidance, to teach classrooms of up to 160 students how to choose their subject of study based on their own strengths and interests.

Rachan Rai

After attending the 2023 Summit in Belfast, Rachan created Women in Operations, which helps the development of participants by working along four tracks: specialised e-learning modules for technical excellence, a mentorship programme connecting female professionals with senior executives, fireside chats to provide leadership access, and the Women in Operations Awards that celebrate achievements of female leaders in technical fields.
